Help HOPE become a full-force media generator, especially through use of video. We've got vision for stuff online and in services just dripping with opportunity for those skilled in video work.

Welcoming & First Impressions

Way more than just a 'hello' for people at the door . . . but it starts with this! First impressions and warmth shown to visitors and HOPE members totally help pave a wider path for people to experience Jesus here.

Community Needs

We're looking for a couple of 'champions for community needs' to spearhead ways for our HOPE body to reach out, touch lives, and make an eternal, tangible difference right in our local area.

Housing

An interesting and largely unexplored opportunity to help meet needs for housing we've noticed rising in recent time. Do you have some room to offer or connections with available living space?

Finance & Business

There's an entire back end of business centered on financial administration and tracking. If you're a numbers person gifted with accuracy, organization, and fiscal responsibility, you could seriously boost this important aspect of HOPE's ministry operations.

Facility Improvement

HOPE doesn't have a much-needed handyperson (or crew of handypeople!) to keep track of and work on important improvements, changes, and fixes in our facility. Do you have time and skill to offer for repair, renovation, and some organization in and around HOPE?
